E-PAK

PERSONAL
ELECTRONICS
MAGNETIC
POUCH

3502-0208

FEATURES OF THE E-PAK:

- The best way to bring your smart-phone, GPS or other personal electronics on your motorcycle - you can easily see the device's screen and controls through the pouch's large window.
- Sized to be used with modern smart phones, but can also be used with a variety of GPS units. The pouch can be oriented to match the screen format of your device.
- Strong magnets keep the weather resistant pouch secured to your metal fuel tank. Each magnet is shielded to prevent interference with your device's electronics.
- Spacious electronics compartment (5.0-inches wide x 3.5-inches long x 0.75-inches tall) includes a removable plush pad and foam mat you can trim to custom fit your device to the pouch.
- The large plastic window transfers electrostatic energy so you can operate the touch screen on your device (with a bare finger or special electrostatic-transmitting gloves).
- Rubberized pouch back protects your bike's paint finish while the long perimeter zipper lets you easily stow or remove your device from the pouch.
- Double zipper fob entry system lets you easily insert your device and permits power or audio cords to route into the pouch.

⚠ WARNING

READ THESE INSTRUCTIONS THOROUGHLY BEFORE INSTALLATION!

Your attention to these installation instructions and recommendations will permit safe and proper use of this accessory. You must mount this accessory properly and securely before riding your motorcycle. You are responsible for the proper installation of this accessory. If you lack the ability to safely and properly install this accessory, seek out a qualified motorcycle technician for assistance. Using or mounting this accessory improperly could result in a loss of control of the motorcycle which could result in damage to your motorcycle or other personal property, the property of third parties, and/or personal injury to yourself or others, up to and including death.

BE SURE TO THOROUGHLY READ AND CLOSELY FOLLOW THE MOUNTING INSTRUCTIONS THAT ARE INCLUDED WITH THIS ACCESSORY:

- Your Saddlemen accessory pouch must be installed and securely attached to the fuel tank or similar foundation on the motorcycle.
- Install the pouch so it will not shift or move while riding. Make sure the accessory or any related cords will not contact any moving parts of the motorcycle.
- If you do not understand the mounting instructions DO NOT mount the pouch.
- Thoroughly inspect your motorcycle accessories before every ride. Do not use the pouch if it has been modified, or if it has deteriorated, loosened, or is beginning to fail.
- Before riding, secure your device inside the pouch and completely close all zippers.
- Continually check the security of your accessory pouch at each stop as you ride. Mounting magnets can shift during operation, so be sure to check it frequently.
- Do not use this accessory if you have any doubts as to whether it is properly mounted to your motorcycle.
- Do not transport or store flammable, or potentially explosive materials in your accessory pouch.
- If your accessory is ever damaged, do not use it until it has been inspected by your local professional motorcycle dealer. Replace the E-PAK immediately if it has damage that will prevent it from being properly secured to your motorcycle or being able to securely hold its contents.

DO NOT ATTEMPT TO USE THIS ACCESSORY IF:

- You do not understand these installation and use instructions, or if you do not understand any part of the accessory mounting system, or you have any doubts as to the security of the mounting system.

If you do not understand the Mounting Instructions DO NOT mount the accessory and remove any other items you may have installed on your vehicle. Contact your local professional motorcycle dealer for assistance, or call the Saddlemen support line at (310) 638-1222.

Remember: Motorcycling can be a dangerous activity. Installation of any accessory can increase your risk if it is not installed properly. You are responsible to install this accessory so it will not contact any portion of the drive train, suspension or steering, and so that it will in no way interfere with the operation of your motorcycle.

PADDED MAT & ADJUSTMENT FOAM:

Your E-PAK is delivered with a padded, vinyl covered mat (2) that is intended to press your device (1) against the pouch's clear window (4) permitting easy viewing and touch-screen control.

Also included is a raw foam strip (3) you can trim or cut to shape in case you need to hold your device in a particular position within the pouch. The foam can be trimmed easily with a scissors.

The images in this instruction set may be different than your accessory or motorcycle.

Continued on next page...

TWIN ZIPPER FOBS & CORD ROUTING:

The E-PAK is equipped with a zipper ⑤ that goes around 75% of the pouch's circumference to permit easy installation and removal of your electronic device.

The E-PAK is slightly oversized so you can connect audio or power cords ⑥ to your device when it is stowed inside the pack.

You can use the twin zipper fobs ⑦ to control which direction a power or audio cord ⑧ will route from the E-PAK. Once you have your device and cord in place, close the zipper fobs to secure the pouch.

FUEL TANK SURFACE - IMPORTANT:

Before placing the magnetic E-PAK on your motorcycle's fuel tank, make sure no metallic objects are clinging to its rubberized mounting pad. This plush mounting pad is designed to be soft the fuel tank's surface and to provide good grip for the pouch. If the fuel tank's surface gets dirty you can damage the finish under the E-PAK, so clean under the pouch frequently. For additional fuel tank surface protection you can obtain and install the Saddlemen Protective Tape Kit (#4320-0807).

IMPORTANT:

Failure to mount this accessory properly may it or any related wires or cords to come into contact with the motorcycles's moving parts or controls. It is vital that you verify that neither the accessory, nor any related item can touch, or interfere with, other motorcycle components while the steering or suspension moves through its entire range of motion. Make sure that the accessory or related item cannot come into contact with the exhaust or any other component of the motorcycle, as other vehicle components may be damaged by contact with this accessory. It is your responsibility to make sure the installation of this accessory does not create an unsafe or illegal condition. Inspect the E-PAK more often if you are riding your motorcycle in wet or rough conditions. Inspect the accessory and related items before and during each ride. A loose accessory can interfere with the vehicle's operation and cause an unsafe riding condition.

CARE OF YOUR SADDLEMEN E-PAK:

Your E-PAK requires almost no maintenance, other than periodic cleaning with mild soap and water.

SADDLEMEN LIMITED ONE-YEAR WARRANTY

Saddlemen warrants this product for defects in materials, design or workmanship for a period of one year after retail purchase. Items that are defective will be repaired or replaced by Saddlemen at its sole discretion. Damage caused by improper use or improper installation is not a defect; therefore repair or replacement of a damaged accessory will not be covered under this warranty.
