## Kawasaki ZX6 (95-97), ZX7 (91-04), ZX9 (94-97) Rearset Instruction Sheet – Racing Use Only

Thank you for selecting CFMOTORSPORTS rearsets. The components you have just purchased for your motorcycle are designed to improve the ground clearance, crash worthiness and overall good looks of your motorcycle. Please note that these components are intended and approved for **racing use only**. As such, the footpegs are solid-mount and provisions for brake light switches and brake pedal return springs are not provided.

- 1) Remove stock rearsets, footpegs and associated hardware. All components that are re-used in this kit should be cleaned and inspected for damage before re-installation.
- 2) Attach the stock levers and both CFM footpegs to the brackets using RED Permanent Loctite.
- 3) Attach the rear master cylinder to the outside of the brake side bracket. The master cylinder will attach using the OEM Kawasaki hardware. Apply RED Permanent Loctite to all hardware.
- 4) Attach both brackets to the frame using the OEM Kawasaki mounting hardware and RED Permanent Loctite.
- 5) Install your CFM extended shift rod and lock it in place using the OEM Kawasaki lock nuts. For the best shifting results, position the gear change actuator (the part attached to the motor) so that it is as vertical as possible.
- 6) Check all moving parts to ensure that they rotate freely.

Thanks again for choosing CFM. For any questions or replacement parts, please call your local CFM supplier or our main office number listed above.

**BE SURE THAT ALL COMPONENTS OPERATE AND RETURN FREELY BEFORE USE**

If you have any questions regarding installation, please feel free to contact us.

### **IMPORTANT**

Installation and use of this product will change the response of the motorcycle to rider control inputs. Failure of the rider to adapt to these changes may result in a loss of control, and serious injury or death. Improper installation and/or failure to comply with all warnings and instructions may cause a loss of control and serious injury or death. **DO NOT INSTALL OR USE THIS PRODUCT IF YOU ARE UNABLE TO DO SO IN COMPLIANCE WITH ALL INSTRUCTIONS AND WARNINGS. SEEK THE ASSISTANCE OF A TRAINED PROFESSIONAL TECHNICIAN.** Installation of this product releases the Woodcraft Technologies, Inc. from all liabilities as to the use of this product. The user recognizes that any alteration or modification to any motorcycle may increase the risk of injury or accident and may also render the motorcycle illegal for public road use
